

IMPORTANT NOTES

1. If you are viewing this document with Adobe Acrobat, please remember to click on the “Show/Hide Navigation Pane” button in the upper left portion of the toolbar. This will make navigating this rather large document MUCH easier. This button presents a hotlinked table of contents (TOC) for the complete document to make it easy to quickly locate the section you want to look at.
2. If you wish to search for a word or phrase, use the Ctrl-F key the first time and hit F3 to search for the next occurrence after the first.
3. If you would rather have a printed copy of this book than read it on a computer, then *please don't call us to ask for one*. We aren't in the printing business. Instead, we invite you to email the Acrobat version to your nearest Kinkos copy center via the address at <http://weborder.kinkos.com> (or have them download it from our website) and then have them print it on double-sided paper and comb-bind (19 hole punch) it with thick dark blue vinyl covers. The cost is about \$60 and you will end up with a very attractive and durable version of the book that you and you whole family can enjoy for a long time to come! If you don't have a Kinkos in your area, then we're sure you can find at least one in the country who will do this by phone using a credit card and drop the result in the mail for you overnight. If the document is too big to bind into a single volume, then we recommend splitting it into two volumes.
4. Remember that this document is updated frequently to reflect changes in and new understanding of the legal issues discussed herein. We are constantly improving and expanding it. It is *always* a good idea to come back to our website at <http://famguardian.org> or one of our mirror sites (shown on the opening page of our website) to obtain a recent copy (see the version number on the title page to know the date and version number) so that you can be sure you have the latest information, and this is especially true if you are involved in litigation over any of the issues discussed in the document.
5. The Revision History at the beginning of the document is a good place to find out what we changed between versions so that if there is an update, you don't have to go back and reread the whole huge document again to update yourself.
6. Feedback and corrections on this document are welcome. Complements and encouragement are even more welcome, since these are the only reward we get for the hard work we have put into this document

WHERE TO GET COPIES OF THIS BOOK: If you like this publication, then you can manufacture your own very nice book from the electronic version downloadable from our website at <http://famguardian.org/Publications/FamilyConst/FamilyConst.htm>. Simply call up any Kinkos store and give them the web address above or take a Zip disk of the Acrobat file to Kinkos (or email it to them or have them download it off our website) and print it out *on double-sided paper*. Then have them comb-bind (19 hole punch) it and use thick dark- blue vinyl covers. The total cost is about \$60. You will end up with an attractive, durable document to add to your reference library which will prove *very useful* to you over the years. If you don't have a Kinkos in your area, then we're sure you can find at least one in the country who will do this by phone using a credit card and drop the result in the mail for you overnight. **When you print the book, we recommend printing the book in modular fashion, so that each chapter is independent of the other and can be removed by itself.** That way, as chapters are updated, you replace them along with the preface at the beginning without reprinting the *whole* book. This makes keeping up to date simpler and more cost-effective.

Finally, if you are viewing this document with *Adobe Acrobat Reader*, we recommend clicking on the "Show/Hide Navigation Pane" button in the upper left-hand corner of your screen (in the Acrobat toolbar) to make it MUCH easier to navigate this rather large document. This button presents a hotlinked table of contents for the document to make it easy to locate the section you want to look at.

TESTIMONIALS: WHAT PEOPLE ARE SAYING

There are a lot of very smart, passionate, and patriotic people here in America, the land of the free and the home of the brave. One of the exceeding joys of writing this book for an audience like that is that once you give people your product, if you tell them you want input, they will *overwhelm* you with suggestions and practically write the book for you! That has been my experience so far. All I have had to do is sit back and be a good listener and volunteer to be a scribe and a cheerleader and the rest takes care of itself! We get so many very insightful and helpful suggestions from people out there on how to improve this book and our website, which is the main reason how both got to be so comprehensive, large, complete, and good (at least that's what people tell us because we don't toot our own horn, in accordance with God's Law in Prov. 27:2)! My sincere thanks go to *all* of our 100,000 readers and growing for helping me in the monstrous task of writing, researching, and perfecting this book and standing up our website. You're a great bunch of people who I'm *proud* to serve and proud to call my friends. I'm as proud of all of you as I am of being an American. God bless you all, and God Bless America!

About This Book:

"Just a quick note to say thank you for the Family Constitution. I am a Pastor and an Ordained Minister. I have a bachelor's degree in Theology. However, in Seminary, we did not go over marital counseling. Unfortunately, I have seen many marriages fall apart in the church. Therefore, as a rule, before I perform a marriage, I must sit down with the couple first. In times past, I made up some things to go over. However, I came across your Family Constitution and it was great. It is what I needed in a written form. I can print out some pages and go over checklists with the couples. Again, just a quick note to say thank you for your labors. It is most certainly appreciated."

[Rev. E.G. Tucker, Pastor, New Testament Christian Church, Richmond, VA; 4/15/2003]

About Our Website:

"I have finished reading EVERY shred of information on your site relating to marriage, divorce and family matters. I've also read all the jokes, listened to the songs and checked out all the links...Thanks again for making your website. It's like a University for Christians and Truth seekers! Awesome!"

[Simon Grovin, 1/9/2003]

 "Your website is a godsend! ... Thanks for all your good work."

[David M. Leugers, 1/7/2003]

 "Thanks for putting together such an incredible site. I most appreciate your efforts!!"

[Louie, 12/22/2002]

 "You have a great web site. One OF THE BEST ON THE INTERNET. I BET YOU GET LOTS OF SPECIAL ATTENTION FROM THE IRS :-)"

[Mike and Carol from N.H., 11/30/2002]

 "Excellent site. I have not seen so much great info in one place ever before!"

[Matthew Bauman, 10/26/02]

"Thank you for writing a thoughtful and thorough rebuttal to the Luckey Report. I was wondering when someone was going to do it. It is a frustrating dilemma: the coordinated confiscation of citizens money—and the "legal" system and their minions are willing accomplices. I never imagined such brazen, systemic corruption was possible in America. SOUTH America maybe, but not in the United States...Thank you for your work in this movement."

[Christopher Gyorgy, 10/18/2002]

"I am amazed with your site. I have never come across a more informative site on the web. I can't thank you enough for providing this information to the public. I would love to see you create a infomercial and air it at least once per day. What would it take to make that a reality? I would gladly collect donations for this and I'm certain others would do the same. Perhaps a form or note of some kind can be created and given to those making donations so they can deduct it from any taxes they are liable for. I see different people everyday in my work and I inform them of the tax issues. I always tell them about your site and '[We The People](#).' I just can't say enough good things about your site. Keep up the most excellent work."

[Bryan Rush, 10/17/2002]

"The site is incredible, and right on the money. It dis-spells myths of all kinds concerning the fallen theories of some freedom fighters. Best Blessings and regards for Family Guardian"

[Leonard Williams, 8/20/2002]

"I just wanted you to know that I came across your website and think it is the best thing on the Internet. Very informative and plan on sending a link to all in my address book."

[Arleen Marta, 8/8/2002]

"I just wanted to commend you on your very informative site. I became aware about 10 months ago. I have been discouraged by this situation for years. I was happy to see there are many like-minded people out there who are fed up with being **robbed** each year."

"I have already spent hours researching your site and downloading pages for future reading and printing."

[Bryan Rush, 7/30/2002]

"I want you to know how much I appreciate what you are doing with your website. The information and the tools are superb. What I can download in a short time must have taken you endless hours to prepare. I only hope that everyone I tell about famguardian.org actually looks at and uses the information. Very truly,

[Richard C. Keech, M.D. 6/30/2002]

"Thanks for the tremendous effort that you have put into the collection and running of your website. Its a shame that it takes more than just making the information available to get the word out."

Thanks to your work and data collection and the complete body of evidence that you present, I am inspired to do what I should have done a long time ago at my mother's urging, become an attorney so that I could fight for the rights of the people as guaranteed in the Constitution. For years as a teen I would argue with my mother about much of what I saw the government doing (as seen in the news and such). She suggested that if I wanted to have a significant impact on the way this country works, I needed to do it through the law and that eventually I could effect change if that was my goal. So I think I am going to become an attorney and practice "Constitutional Law" and "Civil Rights Law".

So maybe there will be at least one HONEST Lawyer working to track and watch the government.”

[Ronald Winter, 5/14/02]

“I absolutely agree your work is second to NONE!! I would like to link your site from www.uslawbooks.com/ajs/”

[Sir Martin Davis, U.S. Lawbooks, <http://www.uslawbooks.com>, 3/25/02]

"Man, what a GREAT site! I only wish we had the same amount of research and documentation for Canada as you do for the IRS."

[Chris Givens, 3/13/02]

“I have been looking at your site and it is GREAT! I think you should get more stuff, what have you been doing? I'm JOKING! Man, I like it. And your reference to God well that is what we need more in the world and nation! GREAT job!”

[Tony Bernard, 1/17/02]

“I must first start off by telling you what a wonderful website you have, it works in perfect conjunction with *The Great IRS Hoax* [book]. All I can say is that ‘you're brilliant.’ ... I've spent well over two hundred hours in the past two months researching this issue, and I've read MANY conflicting viewpoints. Your ideas and beliefs not only seem to be the strongest and best presented, they are in unison as well, and do not conflict from one page to another, as I've found in some sites and books. I also commend you for not ‘selling’ your information, as I'm sure you spent an amazing amount of time researching and writing.”

[Jim Sebastiano, Jr., 1/6/2002]

“Thanks for all the time and effort you have put into this website. You truly have fulfilled the holy writ in that you love your brother as your self. God bless you.”

[John Whitney, 12/14/2001]

"I have to say that your web site is the most extensive on the issue of Income Taxes that I [have] come across."

[Daniel, 11/21/2001]

"The information on your site I find to be extremely accurate, amazingly understandable, and a HUGE blessing to those of us in America that are getting educated on all the deception out there."

[Mark Rothbauer, 9-20-2001]

"I really enjoy your website. You have links to unlimited resources. I am in full agreement with your arguments."

[Jeff Galaska, 8/31/2001]

"You are doing a great job with this site. The information is so powerful and informative!"

[Jason Gresczyk, 8-9-2001]

"Thank you for fighting the giant monster. You, Shulz, and others are real heroes. I'm inspired and preparing my fight as well. God Bless and keep it up!"

[Paul Meyer, 7/28/2001]

"I have wondered for so long how someone would charge another for information of this import. Your site is a God-send and I wish to let you know that I am appreciative of it. ...I believe that there is an abundant resource of persons who wish to complain when given the opportunity but a scarce amount of those willing to complain will stand! up to the bully to see what will happen. I sincerely believe that there is a great amount of 'dirty Dancing' going on within Title 26 and have found numerous loop de-loops and dead ends trying to understand it myself. I really can't believe that no one has attempted to get the whole title thrown out as Void for Vagueness. "

[Larry Wainwright, 7/7/2001]

"I laud your efforts. As a student of the constitution and a patriotic defender of our God-given rights, I am impressed and grateful for your contribution to freedom in this country. Thank you.

"I have had the pleasure of referring other, God-fearing people to your website. They also have gratitude and respect for your efforts."

[Les Austin, 7/6/2001]

"I'm sending this message from your web site; terrific! What a lot of info you have. I've visited it before and downloaded that tome [*The Great IRS Hoax* book] but don't remember if I've ever contacted you directly. Anyway, thanks for your work and for including my own work, 'The Colossal Fraud of Involuntary Perjury'...on your list."

[Pitman Buck, 5/30/2001, <http://www.pitmanbuck.net/>]

"I can't begin to thank you for all the time and information you have put into this website. It is proving most beneficial to me and is helping me greatly in understanding the true meaning of freedom. Thank you. Keep Fighting the Fight!"

[John Douglass Constiner II, 5/30/2001]

"I just wanted to express my appreciation of the monumental effort you have put in to share the truth. I have been reading and hearing about this stuff for years, and now, because of your effort, I am finally starting to be able to see through the maze. Since I logged on to your web site I have not been able to stop reading..."

[Greg, 4/21/2001]

"Incredibly good work, Chris. What a service you have provided your fellow citizens of this republic. Thank you, and God bless you."

[David Zuniga, Laredo TX, 4/12/2001]

"I just found your site...I saw your hit meter only registering 1, so I assume it is broken! Or it should be. I am one of a growing number who have stopped filing and paying, because of the dignity I must live with. Finding this out has been an adventure and will continue to be. Thank you for this great page."

[Grave Easton, 4/10/2001]

"You have by far, one of the greatest web sites I have ever had the 'right' to read and study. I stumbled across it in a search for knowledge on building codes and their application...Anyhow, I began to dig into legal resources and the like and discovered that a building permit was actually a contract forced through threat and deception. With encouraging sites like yours, I am no longer afraid to skip the permit, do my research, and secure my God-given rights to use my property as I see fit. Thanks again for the encouragement and God Bless you and yours.

As soon as I get time, I'm going to conduct an in-depth study of your tax information. That is another topic of law that disturbs me. I never have been able to figure out how I can be directly taxed (unapportioned) against my constitutional rights. Thanks for being such a diligent citizen. You would no doubt been party to signing the Constitution."

[Bryan Taylor, 3/30/2001]

PREFACE

The Family Constitution is a document intended as the spiritual and legal foundation for starting and running an enduring and happy and *sovereign* family perpetually free of the encroachments of the corrupt government and unethical family law profession. It's main goal is to achieve "separation of family and state" by showing people and families how to be self-governing and entirely autonomous. The book is based entirely on Christian principles found in the Bible which are then supplemented with additional information only in those areas that are important but where the bible is silent, such as law and psychology. Even though it is based on the Bible, we have written it to be appealing to non-believers as well because it is as much a philosophy book as it is a spiritual work. One year of research by the webmaster went into writing the book. The main focus of the book are Biblical models for RELATIONSHIPS of all kinds, including:

1. Human-God relationship.
2. Family relationships.
3. Husband-wife relationships.
4. Parent-Child relationships.
5. Employer-employee relationships.
6. Relationship to governments and the world.

The end of the book gives you instructions on how to get married without a state marriage license by getting a common law marriage based on a marriage covenant/contract. The advantage of the marriage covenant is that state courts can't alter or abolish or disregard or overrule the covenant/contract, and the terms of your marriage aren't subject to the whims of corrupt government officials passing some new state legislation nor are they dependent on what state or country you live in. Instead, the only thing the state courts have jurisdiction to enforce within the relationship is exclusively and only the contract itself, which is fair and based entirely on biblical Christian principles. This book is inspired by the following scripture and my own painful experiences being unequally yoked to an unbelieving and downright evil X-spouse:

*"Unless the Lord [not the socialist government or a marriage license it issues] builds the house [or the family],
They labor in vain who build it;"*
[\[Psalm 127:1\]](#)

During the writing of this book, and in particular Chapter 7 on Government, we began investigating the legality of the federal income tax. Our research revealed such startling information that we later decided to write another book on the income tax fraud entitled *The Great IRS Hoax: Why We Don't Owe Income Tax*. That book will blow your mind when you find out the most incredible scam in the history of the world foisted by our own government on an unsuspecting public.
